I hope that you will think of me
In moments when you're happy
And when you're smiling,
That the thought will comfort you
On cold and cloudy days
If you're crying;
And that you'll love to see the sun go down

And the world go around
And around and around.

No two futures are exactly alike.

Success is many things to many people. Often it's measured in dollars, but most often its found in contentment . . . with what you're doing, who you know, and how you can help others. Whatever your success, your most important asset will be yourself. So that the true measure of success is your willingness to be you.
